## History and Heritage Tours 2009

### Kedleston Hall Saturday 28th March

Take a trip back to the 1760's when wealth and power enabled the creation of this outstanding house and beautiful landscape park.

The hall has the most complete and least altered series of Robert Adam interiors full of art treasures. The Eastern Museum is filled with fascinating objects collected by Lord Curzon when Viceroy of India. There will be ample time to explore the gardens and park, which includes All Saints church, all that is left of the village swept away for this great house.

Admission £9 (NT Members - free)

### Sudbury Hall, Museum of Childhood and Tutbury Castle. Saturday 25th April

Sudbury Hall is a fine example of a late 17th Century great house, with carvings by Grinling Gibbons, and the great staircase, one of the most elaborate in any English house. There is a 1930's style kitchen in the servants quarters below the stairs, and gardens around a lake. Adjoining in the service wing is the fascinating recently re-opened Museum of Childhood.

Tutbury Castle is a romantic ruin, where Mary Queen of Scots stayed. It is unusual that it belongs to the Queen as part of the Duchy of Lancaster.

Admissions - NT Members - £6, Non NT - £18

### Little Moreton Hall and Rode Hall Saturday 16th May

Little Moreton Hall is the quintessential Elizabethan half timber black and white house, picturesquely set amidst a moat. The skill of the craftsmen who built this timber framed house will amaze you, and you can imagine life here in Tudor Times with wall paintings, garderobes emptying into the moat, and a knot Garden.

By contrast, Rode Hall is an elegant 18th Century home, still lived by the same family from the 17th Century. The house is set in beautiful grounds, with a lovely walled garden. We shall have a guided tour led by the owner. Our visit will coincide with the gardens being at their best with the rhododendrons and azaleas in bloom. We shall have a cream tea here in the stable restaurant.

Admissions (including cream tea and guided tour)

NT members - £11, Non NT - £18

### Coalbrookdale Sunday 7th June

Coalbrookdale and the Iron Bridge Gorge is a World Heritage Site. It was here in 1709 that Abraham Darby perfected iron smelting. During our time here there will be the opportunity to view and walk upon the iconic Iron Bridge, the worlds first cast iron bridge. We shall visit the Museum of Iron, centred around Darby's original furnace, and the Blists Hill Museum, which has original industrial monuments such as the Hay Inclined plane and blast furnaces as well as a reconstructed Victorian town.

Admissions £15 (for 2 museums).

### Anderton Boat Lift and Tabley Hall Sunday 26th July

The mighty Anderton Boat lift is one of the most remarkable monuments of the Canal Age. Our visit will include a barge trip along the water ways, and then a ride in the boat lift up to the upper level. There will be the opportunity to see the visitor centre. In the afternoon, we go on to Tabley Hall. This was designed by John Carr and is one of the finest Palladian houses in the North. It has paintings by Turner and Reynolds, and Chippendale furniture and is set in lovely parkland with a family chapel.

Admissions (including guided tour of the hall & boat trips) £15

### Gawthorpe Hall and Stonyhurst College Saturday 22nd August

Gawthorpe is by the 16th Century architect Smythson and resembles the great Hardwick Hall. The house has opulent 19th Century interiors, and includes portraits from the National Portrait Gallery. It has a major collection of needlework, lace and costume assembled by the last family member to live here, Rachel Kay Shuttleworth. Then we have a guided tour of Stonyhurst College, a magnificent 16th Century Manor house, not always open to the public. This mansion is now a catholic boarding school, and we shall get behind the scenes into the library, chapel and historical apartments. Our visit will also coincide with an Antiques Fair.

Admissions (including guided tour)

NT members - £6, Non NT - £10

### Newstead Abbey & Hucknall Parish Church Sunday 27th September

Newstead Abbey is a romantic ruin of a great monastic house set in beautiful gardens and grounds. It is famous as the home of the colourful poet Lord Byron venerated in Greece for his part in the War of Independence from the Turks. The 19th Century house contains remains of the abbey and has a major display of Byron memorabilia and an exhibition on his life. Some of the rooms have been restored to their appearance when Byron was resident. We then go onto Hucknall Church especially opened for us to view the Byron vault, where he is buried, and for a guided tour of the church. There will be tea or coffee and cakes provided by the ladies of the parish.

Admission (including afternoon tea and guided tour) £10

### Wightwick Manor and Boscobel House Saturday 17th October

Wightwick is one of few surviving examples of an arts and crafts house. It includes original William Morris wallpaper, Pre-Raphaelite paintings, Kempe glass and Morgan ware all of which help conjure up the spirit of Arts & Crafts. There is also a lovely garden.

Boscobel is a fine 17th Century hunting lodge, owned by the Gifford family who were catholic and suffered persecution for that. After the battle of Worcester in 1651 Charles II hid in the Royal Oak nearby, to escape Cromwell's troops, and then hid at Boscobel in a priest hole in the attic. We shall have a guided tour here and there will be time to visit the farm, gardens, smithy and a descendant of the Royal Oak.

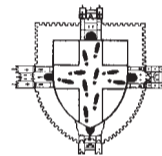

Admissions (including guided tour of both houses)

EH Members - £7, NT Members - £5, Non EH or NT £12
